

## Product Information

# PRESTO SUPER CLEANER

---

### Description

Initially developed in to kill bacteria in washrooms and work areas this unique combination of surface active agents, sequestrants, alkaline builders and perfumes has been used widely in kennels, stables, farms, land fills and any area where animals are kept on hard standing. This formulation gives an enhanced performance on greasy surfaces where a specially selected blend of surfactants combine with the bactericide to produce a clean germ free environment. The residual pleasant perfumed odour adds to its acceptability. Can also be used to re-odourise areas such as land fills where obnoxious odours may be produced.

- Effective at higher dilutions.
- Effective in hard and soft waters.
- Ideal for heavily soiled areas, floors, walls etc.
- Safe on paint work, metal surfaces, glass and rubber.
- Contain perfume and dye.
- Easily and gently removes oil, grease and grime.

### Application

- General cleaning:** For heavy duty cleaning dilute up to 50:1 in warm water, mop or wipe surface to be cleaned and then rinse with clean water. For lighter work dilute up to 100:1 in warm water. It is advisable to allow 10 minutes contact time to ensure all bacteria have been killed.
- Pressure Washing:** Use via dilution system on machine with steam if possible. Finally, rinse with clean water jet.
- Re-Odourising:** Use low pressure spraying equipment directly on to source of odour. Repeat if necessary at regular intervals.

Available in 205, 25, 5 litre containers

### Physical Characteristics

Appearance	Blue/Green Liquid
Odour	Perfumed
pH neat	8.5
pH 5% in tap water	7.5
Density 20°C	1.0

Certificate No. FM 21756  
BS EN ISO9001 2000
