Product Information:

Workshop Pro Hand Sanitiser Alcohol based hand rub

Description:

An alcohol based (>75% v/v) santising hand rub to be used when soap and water are not readily available.

Ingredients:

Alcohol Denat.

Glycerin

Hydrogen Peroxide

Aqua

Directions for use:

- 1. Ensure the hands are free of dirt and organic material.
- 2. Apply a palmful of hand rub in a cupped hand and cover all surfaces
- 3. Rub hands palm to palm
- 4. Rub back of each hand with palm of other hand with fingers interlaced
- 5. Rub hands with fingers interlaced
- 6. Rub with back of fingers to opposing palms with fingers interlocked
- 7. Rub each thumb clasped in opposite hand using a rotational movement
- 8. Rub tips of fingers in opposite palm in a circular motion
- 9. Rub each wrist with opposite hand
- 10. Once dry, your hands are safe (20-30 seconds)

Do NOT use hand sanitiser if your hands are visibly dirty or greasy as it will not be so effective. Wash your hands with soap and water instead if available.

Physical Characteristics:
