K90 Calcium Sulphonate Complex Grease

Product Category:
Greases

K90 Calcium Sulphonate Complex Grease is the latest in Grease Technology to give performance like no other. Its ability to cope with high loads in harsh atmospheres including the presence of moisture; and a wealth of applications in all sectors including Marine and Off Highway makes it a great choice for many.

Features:

- Operates excellently on industrial equipment subject to high humidity and high temperatures
- Exceptional pressure and anti-wear performance
- Provides high levels of corrosion protection, even in the presence of water

K90 Calcium Sulphonate Complex Grease has been developed as a high performance grease for construction plant such as bulldozers, scrapers, loading shovels and dump trucks where it will give outstanding performance. It is also recommended for use in industrial equipment operating at high temperatures or exposed to salt water.

Applications:

- Plain/rolling-element bearings
- Marine equipment
- Heavy mobile equipment
- Wire ropes
- Cables exposed to saltwater
- Paper machine
- Wet-and-dry end bearings
- Hot calendar stacks/hot roll tables
- Rolling mills
- Continuous casters
- Ingot buggies/slab mills
- Conveyors
- Gears

As with all greases used for the first time, check compatibility with the grease applied previously and if necessary purge bearings prior to application. Likewise, as a general rule, take care not to over-lubricate and apply the quantity of grease recommended by the bearing manufacturer.

K90 Calcium Sulphonate Complex Grease has the following performance levels:

DIN 51502: KP2R-30,
ISO 12924 L-XC(F)DIB2,
NLGI: GC-LB 2.

Available in the following sizes:

- 400g, Part no: CSG 400

A comprehensive range of world-class products:

- | | | |
|----------------------------|---------------------------------|--------------------------|
| • Automotive Engine Oils | • Heavy Duty Diesel Engine Oils | • Motorcycle Engine Oils |
| • Gear & Transmission Oils | • Brake Fluids | • Coolants |
| • Greases | • Aerosols | • Fuel Additives |
| • Screen Washes | • Hygiene and Cleaning | • Hydraulic Oils |
