

Product Information:
RACE MX4 10W40
4 STROKE MOTORCYCLE ENGINE OIL

Description

Race MX4 is the ultimate fully synthetic SAE 10W-40 multigrade oil, developed specifically for modern, highly stressed, race prepared 4-stroke motorcycle engines and gearboxes. This grade is recommended for all off-road machines operating at the extreme edge of their design capabilities.

Features

- Superb cold start fluidity that ensures rapid flow to bearings and critical components during cold starts.
- Strong synthetic oil film reduces drag on components and ensures maximum power output.
- High level of anti-wear performance protects critical engine and gearbox components, even under shock load conditions.
- Balanced friction control additives ensure smooth gear changes and responsive clutch performance.
- Keeps engine components clean even when subjected to the hottest of running temperatures.
- Provides excellent internal corrosion protection, even during intermittent use.

Applications

Race MX4 is recommended for 4-stroke engines fitted to off-road motorcycles where the manufacturer specifies an oil of this type and specification.

Performance Levels

API SL
JASO MA

Physical Characteristics:

Appearance	Amber liquid
Relative Density @ 15.6°C	0.845
Kinematic Viscosity @ 40°C (cSt)	89.1
Kinematic Viscosity @ 100°C (cSt)	14.00
Viscosity Index	159
CCS @ -25°C (mPa.s)	7000 max
Closed Flash Point (°C)	210
Pour Point (°C)	-40
Base Number (mgKOH/g)	6.8
